#### COLLEGE POLICY ACCESS TO INFORMATION & PUBLICATION SCHEME

#### Introduction

Heart of Worcestershire College is committed to making as much Information about College activities as possible generally available to the public either through published documents (including those published on the College website), or on request.

#### Freedom of Information Act 2000: Publication Scheme

Adopting a publication scheme is a requirement of Section 19 of the Freedom of Information Act 2000. This policy has been revised to meet the requirements of the document published by the government in July 2018 entitled "The Freedom of Information Code of Practice", together with advice published by the Information Commissioners Office (ICO). The purpose of the Act is to promote greater openness by public authorities, which include further education colleges. Heart of Worcestershire College has adopted the Model Publication Scheme produced by the Information Commissioner's Officer for the Further Education sector. The Scheme provides a description of the "classes" or types of information that the Information Commissioner expects colleges of further education to make available. The Model Publication Scheme organisations are obliged to produce a Guide to the specific information held under each of the classes of information identified in the scheme: this guide is attached as Appendix 2 to this policy document.

#### How to access information

Heart of Worcestershire College will make available information it holds whether or not listed in the Guide to the Publication Scheme unless identified as not available under one of the exemptions provided for by the legislation. Any documents routinely available to the public are noted in the Guide in the descriptions of the different classes of information. Some documents covered by the scheme are published in electronic format via the college's website at www.howcollege.ac.uk or other websites as indicated. Other documents are only available in hard copy and will be provided on request. Section 8 of the act states that all requests must be made in writing (hard copy or electronic), the applicant must provide their name (not a pseudonym) and a correspondence address (electronic or postal), and the request must adequately describe the information sought. A response to a valid request will be made as soon as possible within the 20 working days response period, providing further clarification is not required, and no fees are expected. A Freedom of Information Request Form is attached to this policy as appendix 3

#### **Charging Policy**

Printed information on courses and services offered by the college is available free of charge, as are packs issued to people responding to notices of job vacancies. If requested, the College will produce publications and documents in other formats where it is reasonably practical to do so. For items not routinely available on request free of charge, or for items in other requested formats which incur additional cost, the College will usually make a charge. No charge will be made for routine requests where the data can be returned by standard electronic files such as pdf, MS Word or MS Excel. For paper copies, the charge will normally comprise of the cost of photocopying or scanning (current photocopying charges and scanning charges are each 5p plus VAT per page) or the direct cost of putting the information into other requested formats, plus postage if applicable. In certain circumstances the college may waive the fee at its absolute discretion.

#### **Contact and Complaints**

The contact for requests for documents, questions, comments or complaints about this policy or the publication scheme is:

Michelle Dowse Principal & Chief Executive Heart of Worcestershire College Peakman Campus Peakman Street Redditch B98 8 DW

Tel 01905 743521

Email dataprotection@howcollege.ac.uk

It is helpful if the form supplied in Appendix 3 is completed.

#### **Request for Internal Review**

If a complainant does not accept a Freedom Of Information response, a request for an internal review can be submitted using the specified Request for Internal Review (Appendix 4) within 40 working days. Once completed please submit the form to dataprotection@howcollege.ac.uk

A Vice or Assistant Principal may then arrange a review and a final decision will be made.

The Vice or Assistant Principal will aim to send the outcome of the review to the complainant in writing within 20 working days of the internal review request being received. If the complainant remains dissatisfied having exhausted this procedure, they can then escalate their complaint to the Information Commissioner's Office (ICO). Contact details for the ICO can be found on their website: <u>https://ico.org.uk/</u>.

#### **Exemptions**

# This is a summary of reasons by which the College might refuse a request. A full list of reasons together with further details of each is available on the ICO website at <a href="http://www.ico.gov.uk">www.ico.gov.uk</a>

#### <u>Cost</u>

The cost limit for complying with a request or a linked series of requests from the same person or group is set £450. We will refuse a request if we estimate the cost to exceed this amount, charged at staff costs of £25 per hour plus other disbursements

If complying with a request would cost more than £450, we can refuse it outright or do the work for an extra charge.

We would not do this work without getting written agreement from the requester that they will pay the extra costs. We would also give the requester the option of refining their request rather than paying extra.

#### Vexatious Requests

We can refuse to comply with a request that is vexatious. If so, we do not have to comply with any part of it, or even confirm or deny whether we hold information. When assessing whether a request is vexatious, the Act permits us to take into account the context and history of a request, including the identity of the requester and our previous contact with them.

#### **Repeated Requests**

We can refuse requests if they are repeated, whether or not they are also vexatious. We would not refuse a request as repeated once a reasonable period has passed.

#### **Other Exemptions**

There are a number of reasons why we can legally refuse a request. The full list is available at: www.ico.gov.uk.

The most relevant are listed here.

#### Section 21 - Information already reasonably accessible

This exemption applies if the information requested is already accessible to the requester, e.g. it is available in the local library.

#### Section 22 – information intended for future publication

This exemption applies if, when we receive a request for information, we are preparing the material and definitely intend to publish it and it is reasonable not to disclose it until then.

#### Section 38 - endangering health and safety

We can apply the section 38 exemption if complying with the request would or would be likely to endanger anyone's physical or mental health or safety.

#### Section 40(1) – personal information of the requester

We would treat any request made by an individual for their own personal data as a subject access request under the Data Protection Act 2018. We would apply this to any part of the request that is for the requester's own personal data.

#### Section 40(2) - data protection

This exemption covers the personal data of third parties (anyone other than the requester) where complying with the request would breach any of the principles in the Data Protection Act.

#### Section 41 - confidentiality

This exemption applies if the following two conditions are satisfied:

- we received the information from someone else; and
- complying with the request would be a breach of confidence that is actionable (further information about what is meant by actionable is provided in our detailed guidance below).

#### Section 43 – trade secrets and prejudice to commercial interests

This exemption covers two situations:

- when information constitutes a trade secret or
- when complying with the request would prejudice or would be likely to prejudice someone's commercial interests.

#### Section 44 – prohibitions on disclosure

We would apply this exemption if complying with a request for information:

- is not allowed under law;
- would be contrary to an obligation under EU law; or
- would constitute contempt of court.

#### **Refusal Notice**

We would refuse requests in writing within 20 working days (or the standard time for compliance) of receiving it.

In the refusal notice we would:

- explain what provision of the Act we are relying on to refuse the request and why;
- explain the requester's right to complain to the ICO, including contact details for this.

#### The Public Interest Test

Where the exemption we apply is qualified, we will do a public interest test.

#### **Request for Extra Time**

In certain cases we would claim extra time to comply with the request. The extra time claimed would be no more than 20 extra working days.
