THE FE-LSF

The Further Education Learner Support Fund is a collection of funding streams combined for ease of application. If you are studying a further education course and are eligible for assistance this will be the fund which you need to apply. Most of the funding awarded is Government money that the college administers on their behalf. As a result there are rules and regulations governing its administration.

1. All awards are subject to availability of funds, College and Government priorities and a range of other factors.

Awards are discretionary and NOT guaranteed.

2. Many delays are the result of insufficient evidence - Applications are subject to an evidentiary standard.
3. Payment of these bursaries may have implications for your benefit eligibility.

FE-LSF SUPPORT BREAKDOWN

16-19 BURSARY OR 'VULNERABLE TIER'

Bursaries of up to £1200 for students who are:

- Young people in care or care-leavers
- Young people in receipt of income support or universal credits
- Disabled young people in receipt of Employment Support Allowance or Universal Credit and Disability Living Allowance. (Or Personal Independence Payments).

The Panel will assess the most appropriate form of support after discussion with the '16+ Team' for each individual case and make allocations based upon this assessment, up to the value of £1,200 please note not all learners will receive the full £1,200. Thus it is likely that a mixed package of support will be the most common form of bursary package.

Payments and other assistance will be based on achievement of a set target of 90% attendance, reasonable academic progress and adherence to the Student Standards. The Student Finance Panel will retain the right to make allocation decisions on individual students who have attendance of below 90% who can demonstrate exceptional circumstances or illness. The Panel retains the right to make one off individual allocations in addition to Bursary payments in extreme circumstances. These allocations would most likely take the form of emergency meal-cards or purchase of goods to support independent living.

16-19 DISCRETIONARY TIER

Bursary funding will be allocated to students who can demonstrate eligibility. Support can be offered towards costs associated with your course such as travel and equipment. Payments will be made by BACS direct to the learner's account or purchased on their behalf. Priority will be given to students who are young carers and those with caring responsibilities.

FREE COLLEGE MEALS

Learners eligible for free meals will be given a daily allowance available on the ID card which can be used to purchase food in our on site cafes.

TRAVEL SCHEME

Learners aged 16-19 whose household income is too high to receive support via the Discretionary Bursary, and who live more than 1.5 miles from their main campus of study can access assistance with three terms worth of travel support.

Eligible household incomes begin where eligibility for the Discretionary bursary ends (£25,000) and continues up to £45,000.

In all but exceptional circumstances this fund will be issued in the form of bus or train passes.

19+ DISCRETIONARY LEARNER SUPPORT (DLS)

Students 19-23 at the start of their course studying up to a Level 3 Programme and learners over 24 but studying a Programme up to a Level 2 will be assisted by the 19+ DLS portion of the FE-LSF. The table divides this cohort into four sections based on the following:

- If you are over 19 and live 'at home' i.e., with parents or guardians, the decision will be based upon your income, also if you have moved out and live alone.
- If you have moved in with a partner, then we would base our decision upon your joint income- the household income.

These groups have separate income levels and are treated as separate groups of the same tier. Students from these groups would be eligible for similar assistance.

If your course fees have been remitted, i.e., funded by the government, then the FE-LSF cannot assist with the cost of equipment for your course, instead required equipment, uniform and trips will be made available by the department in which you study. Priority will be given to those aged under 24 caring responsibilities.

This bursary is geared towards assisting with travel & childcare costs associated with the completion of a learning aim. It is only open to those students who are funding a learning aim through the Advanced Learner Loans System. In exceptional cases students can request assistance with hardship.
